

Your guide to submitting an **EXPRESSION OF INTEREST**

Projects

Suppliers

🔍 What are you looking for?

📍 Select Location

Gateway by ICN is the pivotal connection between major projects and suppliers. In an increasingly competitive market, we give you access to a sophisticated business network that helps boost your business, with an immediate connection to billions of dollars' worth of project opportunities.

Expressing interest in work on Gateway is simply putting your hand up for work. You can express interest against individual work packages on Gateway. By doing this, it tells either the ICN Industry Specialist or project proponent that you believe your company can do the works listed and that you would like your company's capability assessed.

When submitting an expression of interest (EOI) you need to showcase your company's capabilities to ensure you are considered for the job. You do this by making sure that your ICN profile is as accurate and up-to-date as possible. This guide is designed to help you through the EOI process.

NEED HELP?

Our Industry Specialists are here to help you.

If you need any help completing your profile please call us on 1300 961 139.

Important note: In order to submit an EOI you will need to have a business profile on Gateway. Please note that an EOI does not guarantee that you will receive a request for tender as ICN does not take part in commercial negotiations. It does however, guarantee that your name is put in the mix as wanting to be considered.

GETTING STARTED

You can search for projects on Gateway by ICN or via your dashboard, however you must be logged in to submit an EOI.

Once you are logged in, you can search for projects from your dashboard and submit your EOI accordingly.

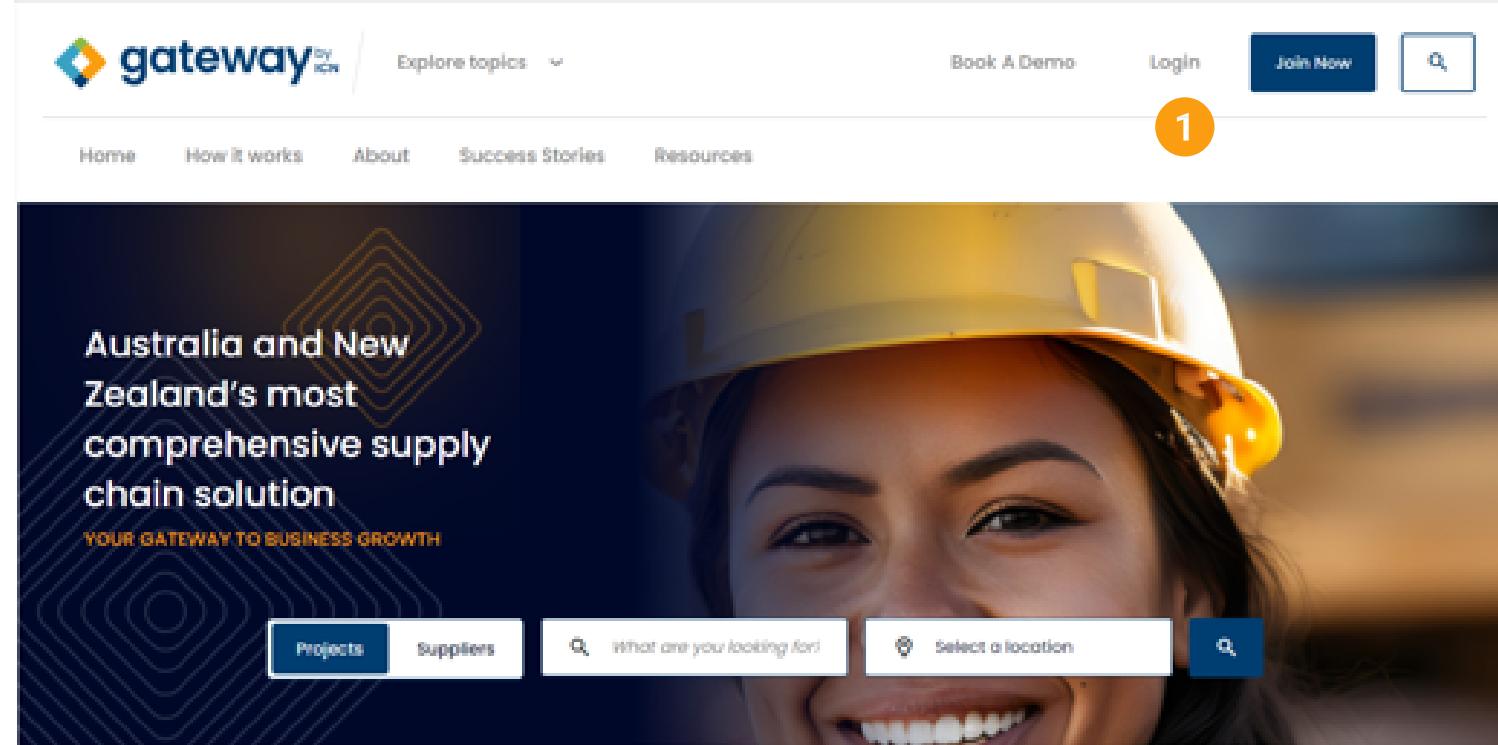

LOGGING IN TO YOUR PROFILE

- 1 To get started, log in to your profile at gateway.icn.org.au and select 'Login' from the main menu.

Enter your email and password, then press the 'Login' button.

Enter your 2FA verification code.

NOTE: 2FA is set up on your account. If you haven't already installed 2FA on your account you will need to do so now. If you are having difficulties, please refer to our Resources page.

SEARCHING FOR A PROJECT

- 1 What are you looking for?**
This is where you can search for projects.
- 2** To start your search, ensure the toggle is switched to 'Projects'. When active, it will be coloured blue. If the toggle is currently switched to 'Suppliers', you can change it by clicking or pressing on the button.
- 3** In the 'What kind of work or project?' field, type the name of the project you are interested in (if you know it), or add a key word.
- 4** You can also narrow your search by location or region, however this field is not mandatory.
- 5** Press or click 'Search' to trigger the system to return your results.

The screenshot displays the 'INDUSTRY CAPABILITY NETWORK LIMITED' website. At the top right, there is a 'Switch company' dropdown menu. Below it, a navigation bar contains two toggle buttons: 'Projects' (highlighted in blue) and 'Suppliers'. To the right of these buttons are two search input fields: 'What are you looking for?' and 'Select a location', followed by a search icon button. A search modal is open, showing a close button (X) and the same toggle buttons. The modal also contains the search input fields and a 'Search' button. The main content area is divided into several sections: 'Company profile' (with location 'Maroochydore, QLD' and membership 'Premium'), 'Financial risk rating' (showing an Equifax score of 723/1200 and a risk level indicator), and 'My messages' (with a message about new security measures). At the bottom, there are 'Profile statistics' and a 'File Upload' section.

SEARCH RESULTS

- 1 Projects**
The projects matching your criteria will be displayed. To view a project in more details and to continue with submitting your EOI click on the project title to take you to the project page.
- 2 Work packages**
This is the number of work packages that are available that meet your criteria.
- 3 Opportunities**
These are generally smaller bodies of work available from LGA's.
- 4** Click on the project to see the project overview and available work packages.

Premium subscriber bonus: If you are a premium subscriber you can access the work package directly - you don't need to find the project and scroll for the work package saving you time and effort.

PROJECT OVERVIEW

- 1 These tabs allow you to scroll between the project overview, any important documentation and the list of work packages.
- 2 **Keep me posted**
Select keep me posted to receive updates for the project. If a new work package is listed or an update to the project details, you will receive an email.
- 3 **Project contact**
This is the ICN Industry Specialist for this project. Please contact them should you have any problems, or are unable to locate scoping documentation for the project (see 'Work Pages' section)
- 4 **Send an email**
To send an email enquiry to the Industry Specialist, click 'Send email enquiry' to automatically open your mail client to create your message.

Overview

Future Generation is a joint venture created specifically to build Snowy 2.0 on behalf of Snowy Hydro Limited. We bring the combined engineering expertise of three companies – Italy's Salini Impregilo, Australian-based Clough and US-based Lane Construction. Our team's pair local expertise with global experience.

Snowy 2.0 will supercharge the Snowy Scheme's existing hydro-electric generation and large-scale storage capabilities. The fast-start, on-demand generation of pumped-hydro and Snowy 2.0's massive storage capacity will be vital as more intermittent, renewable energy sources such as wind and solar come online and coal-fired power stations retire.

Snowy 2.0 will add 2,000 megawatts of energy generation and provide 175 hours of storage for the National Electricity Market (NEM), enough to ensure reliability of the system during prolonged weather events, such as wind or solar 'droughts'.

and at times of peak demand, we keep the lights on. Snowy 2.0 will enhance our

WORK PACKAGES

- 1 These details let you know the number of work packages that the project has. You can see at a glance the number of open work packages.
- 2 **Select Status**
Choose the types of work packages you want to see presented. If a work package is open you are free to submit an EOI. Closed and Awarded packages can still be viewed, however it will be no longer possible to submit for these.
- 3 **Work package information**
You can expand a work package to see its overview by using the drop down arrow. Take note of the closing date listed under the Partial and Full Scope EOI links and ensure you are in a position to lodge your EOI before this date.
- 4 **Scope documentation**
The next step is to find further information about the package. If there is any associated documentation it will be shown here. You can access this by clicking on the download icon, which will start the download.
- 5 **Scope documentation**
To submit an EOI, select either 'Full EOI' or 'Partial EOI'. This will take you to an online form, which you must complete in order to submit the EOI (see 'Submitting an Expression of Interest' section).

Important note: If no scope of works documentation is available, please reach out to the ICN contact listed on the 'Project Overview' page to discuss (see 'Project Overview' section).

77 Total work packages | 3 Open work packages | 74 Other work packages 1

Work packages ↓

The screenshot displays the 'Work packages' interface. At the top, there are three summary cards: '77 Total work packages', '3 Open work packages', and '74 Other work packages'. Below this is a 'Show me' dropdown menu with 'Select Status' and a '2' indicator. The main table lists work packages with columns for 'WORK PACKAGE', 'FULL SCOPE EOI', and 'PARTIAL SCOPE EOI'. A dropdown menu is open over the 'Select Status' dropdown, showing options: 'All', 'All', 'Open', 'Awarded', and 'Closed'. The table shows two packages: 'Community Information' (External Access Road and Bus Stop, 01 Nov 2024) and 'Cooma Segment Factory' (Concrete FRP Footings and Slabs and Aggregate Bays, 01 Nov 2024, Open status). The 'Cooma Segment Factory' package is expanded to show a 'Scope Doc' download icon (4) and a detailed description: 'Future Generation is seeking to identify suppliers that have the ability and plant equipment to provide: Concrete FRP Footings, Slabs, Aggregate Bays at the Polo Flat Segment Factory.' To the right of the description are tabs for 'Full Scope' (5) and 'Partial Scope', and buttons for 'Expression of Interest' and 'Download'. A note at the bottom right states: 'Note: You can fill out an Expression of Interest form exclusively on a computer or laptop device.' Below the expanded package, the table continues with 'Ashpalt - Project Wide' (08 Oct 2021, Closed) and 'Bulk Fuel Supply - Diesel' (22 Jul 2022, Closed). A third row is partially visible at the bottom with a closing date of '12 Oct 2022' and 'Closed' status.

SUBMITTING YOUR EXPRESSION OF INTEREST

- 1 Get started by clicking on the Expression of interest button.
- 2 The count down timer allows you to clearly see how much time is left before submissions for the specific work package close.
- 3 To submit an EOI, select either 'Full EOI' or 'Partial EOI' and complete the rest of the details then click on the Next step button.

This will take you to an online form, which you must complete in order to submit your EOI.

SUBMITTING YOUR EXPRESSION OF INTEREST (CONT)

1 Complete all of the questions in the form. Any field marked with a red asterisk denotes mandatory field and must be completed in full to submit your EOI.

Important: Some of the information may be pre-filled from previous submissions. You should review this content to make sure it is still current and up-to-date.

2 When you are satisfied with your entries, you may submit your EOI by pressing the green 'Submit' button.

3 Alternatively, you may save your progress and return later, by pressing 'Save for Later'. Ensure that if you save your progress, you take note of the closing date and return to submit before the deadline.

The screenshot shows a three-step progress bar at the top: 'Get started' (with a green checkmark), 'About your business' (with a '2' in a circle), and 'Submitted' (with a '3' in a circle). The main heading is 'About your business'. A grey notification box at the top states: 'Some fields may be pre-filled using responses from other Expressions of Interest you have submitted previously. Please check all answers carefully as your qualification for this work package may rely on the answers provided.' with a link 'OK, got it!'. The form contains three questions, each with 'Yes' and 'No' radio button options:

- Question 1: 'Do you understand that this is an expression of interest (EOI) process-only to identify local market capability? *' (Callout 1)
- Question 2: 'By registering for the Future Generation JV (FGJV) project you understand that only EOI's from FGJV will be published on this page. EOI's from Snowy Hydro Limited, Leed and Transgrid will not appear on the FGJV page *' (Callout 2)
- Question 3: 'Please confirm that you understand that by participating in this EOI process that there is no guarantee that your business will proceed to tender and/or be awarded any scope *' (Callout 3)

At the bottom, a dark blue box contains four buttons: 'Save for Later' (with callout 3), 'Back', 'Submit' (with callout 2), and 'Delete'.

VIEWING YOUR EXPRESSIONS OF INTEREST

- 1 Select EOI's from the top menu.
- 2 This will bring up a list of all of projects for which you have submitted your EOIs. Select the drop down arrow to see the EOIs you have submitted for each project.
- 3 You are able to edit any EOI that is still open. You can go back into these EOI's to edit as many times as you wish before the closing date.

Tip for success: Make sure your profile is as up-to-date as possible as details from your profile will be provided to ICN Industry Specialists and project proponents, along with your EOI submission for evaluation after the work package has closed.
