Bellis Australia was founded in 1971 and is one of the longest running privately owned Australian industrial service contractors in Australia.

## Summary

Bellis Australia is a leading manufacturer, supplier and installer of complete insulation, coating and scaffolding systems for the oil, gas, LNG, marine and aerospace, defence, resource processing and energy industries.

The company policy is to expand through technical innovation and technical associations with industry specialists around the world to provide a safe, reliable and dependable on time service to clients both in Australia and overseas.

We offer our clients a turnkey services from material engineering take off to final installation at the work site.

Some of the projects Bellis Australia has supplied include Bechtel Curtis Island APLNG, GLNG, QCLNG, Rio Tinto Yarwun Alumina refineries, Yulara Resort solar hot and cold piping, Woodside Karratha LNG, RAN Collins-Class submarines and Lear Corporation aerospace materials.

## Description

Bellis Australia was founded in 1971 and is one of the longest running privately owned Australian industrial service contractors in Australia.

Bellis have been involved in the LNG industry since 1982 and have gained a sound understanding and working knowledge of LNG requirements and specifications. Our experience in thermal & cryogenic insulation has enabled us to build substantial resources and technical back up nationally to support our customers. We are extensively experienced in supplying materials and resources to major capital projects and for maintenance works.

We specialise in the manufacture, supply and installation of complete systems for the oil & gas, LNG, resource processing industries, power and general industries.

Our policy is to expand through technical innovation and technical associations with industry specialists around the world to provide a safe, reliable and dependable on time service to clients both within Australia and overseas.

### HEALTH & SAFETY

As part of Bellis Australia's commitment to achieving the

principles of health and safety in our workplace, we recognise our moral and legal responsibility to provide a safe and healthy work environment for workers, contractors, customers and visitors. This commitment also extends to ensuring that our operations and activities do not place the local community or environment at risk of injury, illness or damage.

- . Bellis Australia achieves this through the adoption of procedures to:
- . Provide and maintain healthy and safe workplaces, safe plant and systems of work;
- . Provide written procedures and instructions to ensure safe work practices;
- . Ensure compliance with legislative duties and current industry standards;
- . Provide such information, instruction, training and supervision to workers, contractors and customers as is necessary to ensure their continued health and safety; and
- . Provide support and assistance to workers and involve them in consultation on safety issues.

### QUALITY MANAGEMENT

Our vision is to achieve leadership in our specialised market,

by focusing on the supply, manufacture, repair and maintenance services. In doing this, we will deliver a high quality product, and ensure the ongoing improvement of our processes and practices, to strengthen our brand name and provide our customers with exceptional service to be proud of. Bellis Australia's objectives are to provide trouble free products, which not only conform to customers' specified and relevant statutory requirements but are also competitively priced.

Our core values include: Customer Focus; Competitiveness; Profitability; Honesty; Availability; Uncompromising on quality, safety and the environment; Research and Development and the Manufacture of world class insulation products and components. It is also our aim that, with the total involvement and understanding of all staff through the

implementation of a documented quality management and information system, meeting the ISO 9001:2015 Standard, we will exceed the expectations of our customers and staff.

#### ENVIRONMENTAL MANAGEMENT

As part of our commitment to achieving the principles of responsible environmental management, sustainability and protection of the natural environment in our workplace, we recognise our moral and legal responsibility to ensure that our activities, products and services are designed to protect and enhance the environment in the communities in which we operate, and our obligations to ensure that our operations do not place the natural environment or the local community at risk of harm.

## Associations

- > Australasian Corrosion Association
- > Industry Capability Network
- > Australian Industry Group

---

## Products & Services

- > Insulation and fireproofing
- > Sheet metal and expansion joint fabrication
- > Scaffolding
- > Coatings, painting and blasting
- > Electrical heat tracing
- > Construction
- > Maintenance
- > Labour hire

---

## Accreditations

- > ISO9001:2015
- > BS OHSAS18001:2007
- > AS/NZS4801:2001
- > PAS99:2012

## Industries Served

- > Clean Energy
- > Construction & Engineering
- > Defence
- > Manufacturing
- > Mining
- > Oil, Gas & Energy
- > Rail
- > Steel
- > Water

---

## Facilities and Equipment

- > CNC Sheet Metal Fabrication Equipment
- > CNC Plasma Cutting Machines
- > Wintech Machines
- > Complete Industrial Sewing facilities
- > Office, Warehousing and Manufacturing in QLD, WA, VIC, and NT

## Major Clients

- > AGC
- > Alstom
- > Bechtel
- > BHP Billiton
- > BOC Gases
- > Boyne Smelter
- > Broadspectrum
- > Caltex Refineries
- > Cape Plc
- > CBI
- > Central Petroleum
- > Clough
- > Colgate Palmolive Factory
- > ConocoPhillips
- > CSBP
- > Downer
- > ExxonMobil
- > Fluor
- > INPEX
- > Jacobs Group
- > Kaefer Australia
- > Knauf Australia
- > McConnell Dowell
- > Monadelphous
- > Origin Energy
- > PNG LNG
- > PTTEP Australasia
- > Puma Bitumen
- > QGC Shell
- > Qenos Altona
- > QER Shale Oil
- > QLC Alumina Refinery
- > Rio Tinto
- > Rocky Point Sugar Mill
- > Sami Bitumen
- > Santos
- > Techip
- > TW Power Services
- > UGL
- > Viva
- > Walz Construction
- > Wood Group
- > Woodside LNG
- > Worley Parsons
- > Yarwun Alumina Refinery

## Previous Significant Projects

2019

**QCLNG Insulation Remediation Project**  
**\$5,000,000**

**Client: Bechtel**

Insulation and cladding replacement (labour and material supply)

---

2018

**GLNG**  
**\$3,500,000**

**Client: Santos/UGL**

Maintenance Services (Ongoing)  
Insulation Painting & Fireproofing

---

2018

**Woodside Offshore NRA**  
**\$600,000**

**Client: Broadspectrum**

Cryogenic Insulation Labour Supply

---

2015

**APLNG**  
**\$3,500,000**

**Client: Bechtel**

Cryogenic Insulation material supply and Install

---

2014

**GLNG**  
**\$2,500,000**

**Client: Bechtel**

Insulation Labour Supply

2018

**Darwin LNG**  
**\$4,000,000**

**Client: Conocophillips**

Maintenance Services (Ongoing)  
Insulation Painting & Fireproofing

---

2018

**QCLNG**  
**\$3,500,000**

**Client: Shell**

Maintenance Services (Ongoing)  
Insulation Painting & Fireproofing

---

2016

**APLNG**  
**\$3,000,000**

**Client: Conocophillips/UGL**

Maintenance Services  
Insulation Painting & Fireproofing

---

2015

**Woodside KLE Project**  
**\$1,500,000**

**Client: AGC**

Cryogenic Insulation material supply and Install

---

2014

**QCLNG**  
**\$6,000,000**

**Client: Bechtel**

Cryogenic Insulation material supply and Install
