Safety is paramount to our business and we aim to support Industries best practices in Fatal Risk Protocols and Safety Standards.

We are authorised repairers for all major leasing companies.

We have a Tyre Division, Underground Earthmoving Tyre Division, Mechanical Division, Auto Elect Division and an Ironman 4x4 Accessories Division, Towing Division, Repco Automotive Spare Parts Centre, Orix Vehicle Hire agency

Description

A significant supporter of the Moranbah community, our professional and dedicated team are on the forefront of innovation and client care. With multiple awards and an extensive list of accreditations to our name, we are extremely proud that our family owned business has achieved such high-level recognition.

Established in 2005, MDMT have consistently expanded and invested in growth strategies a making us a one stop shop for all auto electrical, mechanical and tyre requirements.

As a leader in automotive services and repairs, Moranbah Discount Tyre and Mechanical (MDTM) are well known for providing comprehensive knowledge and exceptional service to each and every client.

We have been nominated as a Teir 1 outlet for BMA and Orix vehicles for the last 7 years and have serviced the mining industry in and around the Bowen Basin for 14 years. This enlists us to be their Main and Preferred Repairer for all their light vehicle repairs in Moranbah and surrounding areas and mine sites.

- . We offer 6 months free roadside assistance with every service
- . Approved to carry out Mine Site Brake Testing
- . Approved to carry out BMA Compliancing on Light, Medium Truck/Bus equipment
- . Approved as a Repco Authorised Service outlet we are backed by Repco and have access to all the resources and benefits of the Repco Authorised Service Team
- . Holden Colorado Sub Agency Outlet, we are able to carry out warranty work for Holdens and are the only outlet in the Bowen Basin other than Emerald and Mackay
- . We are now the only Central Highlands, Bowen Basin Distributor of Ironman 4x4 accessories products
- . Approved as the only Isuzu Service Outlet
- . Approved to be the only agent for Isuzu Regional Repair Centre
- . We can do servicing for ALL Leasing Companies
- . We have 22 hoists to carry out all types of vehicle services and repairs
- . Employ 38 staff to ensure your requirements are met

with professionalism

- . MDTM has won the MTA Awards 7 years running for best in excellence in service awards for manufacturing and mining and best in trade services. In 2017 we won MTA Overall Business Excellence in Service Award
- . In 2018 MDTM won the RIN - Resource Industry Network Award for Connecting in the community and in 2019 Carolyn Fritz Owner/Director won the Inspiring Women in Isaac Awards
- . We are able to carry out first services for all makes and models without voiding warranty so customers dont have to take their vehicle to Mackay or Emerald but can get it done locally
- . Our Company has a Tyre Division, Underground Earthmoving Tyre Division, Mechanical Division and a Auto Electrical Division and now an Ironman 4x4 Division.
- . We have recently become a Orix Vehicle Hire Agency so when your vehicle is being repaired you have an option to hire a vehicle until your vehicles is completed if it is required to be out of service for a period of time. You can also hire a vehicle to add to your fleet.
- . We have opened a Repco spare parts division providing aftermarket parts as well as all products provided under the Repco Spare Parts Centres umbrella.
- . We provide a pick up and delivery services to all mine sites in the area.
- . The only Platetronic Machine Safe-T-Stop - Our business is the only owners of this machine in the Central Highlands. This machine saves you money by increasing your tyre life and fuel efficiency, it scientifically test your braking capacity and ensures maximum stopping performance, checks wheel alignment on both front and rear axles, measures ride quality by testing the rebound of each shock absorber and gives an accurate printout of the vehicles performance.

SAFETY FIRST

Our team have a safety first attitude at all times a everyone wants to go home just as they arrived. We conduct monthly safety audits as well, to ensure that our entire organisation is aligned to the latest safety policies and procedures as set out by MONIT, a safety management system.
