Northern Transportables specialise in the design, manufacture, delivery and installation of turnkey transportable modular building solutions.

## Summary

Locally established, owned and operated, Northern Transportables is the Northern Territory's award-winning transportable building manufacturer. Through our head office, fabrication and manufacturing facility base at East

Arm and our Hire Asset Facility at Pinelands, we service a wide range of Northern Territory based industries within the government, commercial, residential, mining, oil and gas sectors.

## Description

Northern Transportables modular building solutions are completely customisable to suit the unique needs of our clients. Our portable buildings have ranged from office spaces, control rooms, mining camps, site huts, kitchen and crib facilities, laundry's and ablutions to residential dwellings, commercial accommodation, bunkhouses, classrooms and temporary buildings. Our professional design team includes qualified structural drafters and building information modellers (BIM) to capture our client's vision. Northern Transportables offers a creative and innovative design experience through interactive 3D Modelling, involving our clients in the design process, every step of the way.

Prefabricated and manufactured onsite from the ground up, our products are available for both sales and hire and delivered Australia wide using our own fleet of heavy vehicles and trailers. In addition, we offer raw construction materials for sale and road train fleet services for wet or dry hire. Northern Transportables is accredited under both the National Heavy Vehicle Accreditation Scheme (NHVAS) and the Western Australian Heavy Vehicle Accreditation

Scheme (NHVAS). Our NHVAS accreditation allows Northern Transportables to repair and maintain our NHVAS accredited heavy vehicles and trailers in house, ensuring compliance with safety standards.

Northern Transportables also offer a range of three and four bedroom second hand RAAF houses for sale. Our services include building upgrades, permits, certifications, transport and installation to certificate of occupancy stage.

At the forefront of the Territory's transportable manufacturing industry, we support the Territory economy and industries, 'Buying Local' to support local businesses, local suppliers and employing local labour where possible.

Our production team consists of skilled tradesmen, apprentices and trainees, transport and logistics staff and qualified professionals in areas such as structural drafting, BIM, accounting and finance, contract and project management, human resources, work health and safety, governance and risk management.
