Waco Kwikform is part of Waco International, a leading global commercial and industrial services business focusing on the hire, sale and manufacture of formwork, shoring, scaffolding equipment and associated labour services; and relocatable and modular buildings. Waco International employs over 3000 skilled and enthusiastic people in Australia, New Zealand, South Africa, Chile and the United Kingdom, and generates revenues in excess of AU\$600 million.

In Australia, Waco Kwikform is recognised as a leading supplier of scaffolding, formwork and falsework to both construction and industry, supplying some of the largest commercial and residential construction, mining and petrochemical, civil engineering and entertainment projects. Across Australia and New Zealand, we have twenty-one branch locations, as well as a number of regional distributors, which gives us a leading position in the timely supply and wide distribution of our scaffolding products and services.

Summary

Our staff are dedicated, friendly and know their stuff. We have the capacity to provide design, product and technical support to projects of all sizes, including the largest commercial, residential, industrial and civil engineering projects in Australia. Our clients tell us they find us easy to work with. They know that Waco Kwikform goes to great lengths to find the best and most suitable scaffold solution to meet their needs. The health and safety of our employees and the people who rely on our products and

services is fundamental to our culture and drives everything we do.

Waco Kwikform has successfully achieved AS/NZS 4801 National Third Party Certification for our Safety Management System. Our commitment to safety and quality is reflected in the way we operate our branches and in the stringent quality controls and performance standards we impose on our people and products.

Description

In Australia and New Zealand, Waco Kwikform is recognised as a leading supplier of scaffolding and falsework to both construction and industry, supplying some of the largest commercial and residential construction, mining and petrochemical, civil engineering and entertainment projects.

The nature of our operations allows us to establish long lasting relationships within the communities in which we operate and we endeavour to make a positive contribution to the lives of people who live near our operations and to society more generally.
