Ground-Hog Earthmoving provides specialist Civil, Mining, Rail and Major Infrastructure services and resources to assist Tier 1 contractors delivering projects throughout Australia.

Summary

The team at Ground-Hog Earthmoving take pride in ensuring our clients hold ultimate confidence in our wide range of products and services to assist in consistent achievements of project objectives. Ground-Hog demonstrate a sound and consistent record of

assisting on some of Australia's largest infrastructure projects. Our services include plant hire, labour hire and recruitment services.

Description

Ground-Hog Earthmoving provides specialist Civil, Mining, Rail and Major Infrastructure services and resources to assist Tier 1 contractors delivering projects throughout Australia. Our services include plant hire, labour hire and recruitment services.

It is important to our team that we offer a compelling value proposition for our clients. That's why we developed "Our Promise" - there are 4 key elements to Our Promise that all

of our team members consistently focus on every day.

1. We provide Quality.
2. We deliver on our commitment to Service
3. We proactively promote a Safety culture
4. We ensure harmonious industrial relations

It is all these elements working seamlessly together that creates our point of difference.
