

# EAST GLOBAL FINANCE PTY LTD

East Global Finance offers receivable financing solutions that allows you to monetise your receivables today to fund your future growth, mitigate your debtor credit risk, minimise your payment risks, optimise your customers credit limits.

## Capabilities

East Global Finance and its leadership team has a wealth of local / regional and global experience in structuring and providing working capital solutions/financing all **without** the need of residential / commercial property security.

## Discriminators

East Global Finance aims to be the financier of choice for the Defence Industry through the provision of be-spoke receivable financing solutions aimed to help the growth of small to medium enterprises in the Defence industry.

East Global Finance can accomodate both local and overseas based receivables, which is a large point of difference.

## Company Overview

East Global Finance is a specialist financial institution that focusses on receivables financing for Small to Medium sized companies looking to use their working capital to fund their growth. Can fund local/overseas receivables and are fully supportive of the Defence Industry.
