Package Number: WS1452712182

Package Title: Containerised Laboratory and Associated
Equipment

General Description

Rio Tinto's Amrun Project is located approximately 40 km south-west of Weipa in far North Queensland, Australia. The Amrun Project site will require a Contractor to supply containerised laboratory and associated equipment for the Amrun Project.

Specific Scope Requirements

The Contractor's Scope of Work shall include:

- Supply two (2) 40 foot containers to house equipment to perform moisture determinations, elemental results and loss ignition results within a 2.5 hour sample analysis cycle;
- Supply of laboratory and associated equipment (including electrical requirements);
- Commissioning and training support (where required);

Forecast Award Date: 4Q, 2018

The primary Contractor may utilise the ICN Gateway to procure subcontractors for partial scopes of work. Expressions of interest for works associated with this scope are therefore encouraged to be submitted to ICN.

Instructions to Tenderers

If your business possesses the capability and capacity to perform the stated scope of work, please submit a registration of interest via the ICN Gateway at www.amrun.icn.org.au.

Please ensure that:

- Your company profile on ICN Gateway is complete, up-to-date and accurate
- You register your interest as a Full Scope or Partial Scope supplier (where applicable), and
- You respond to all project-specific questions via the ICN Gateway.
