

## Expression of Interest West Angelas Deposits C & D Project

**Project Overview:** The West Angelas Deposits C & D Project, the subject of a Feasibility Study, involves the expansion of the existing West Angelas iron ore mine site located within the Eastern Pilbara region of Western Australia, approximately 110 km west-northwest of Newman.

The West Angelas Deposits C and D will provide a replacement source of iron ore for the declining West Angelas deposits A, B, E and F to sustain current capacity of 35 mtpa, and enable the continued operation of the existing processing plant, stockyards and rail loop that link the mine to Rio Tinto's Pilbara network.
