

Expression of Interest (WADCD Project)

West Angelas Deposits C&D Project

Project Overview: The West Angelas Deposits C&D Project (Project) involves the expansion of the existing West Angelas iron ore mine site, located approximately 110km west-northwest of Newman in the East Pilbara region of Western Australia.

Package Title: 33kV Switchboards

Package Reference: WADCD/E/SM/2022

Package Description: The Contractor shall design, supply, manufacture, deliver to switchroom manufacturer (Perth Metro Area) and install 33kV switchboards for the West Angelas Deposits C and D Project.

Specific Scope Requirements: Suppliers wishing to be considered must be able to demonstrate their ability to complete the following tasks:

The Supplier must be able to supply 33kV switchgear complete with protection relays and ancillary devices. The switchgear assemblies must be freestanding, metal clad, dead front assemblies suitable for indoor service. The minimum duty rating of each assembly will be 630A nominal with a fault rating of at least 25kA.

Switchgear must comply with AS2067, AS/NZS3000 and AS62271.200. Type test certificates must be provided in accordance with AS62271.200.

The switchgear must be capable of remote switching operation. This shall include circuit breakers, isolators, and earth switches. Control of the equipment shall be possible from the Rio Tinto Operations Centre via the Network Manager Control System.

All switchgear provided must comply with SS-E146.

Forecast Award Date: 8 May 2019

Package-Specific Criteria: N/A

Expression of Interest: Suppliers and contractors are invited to express an interest in this scope of work by registering on the ICN Gateway online platform. Please ensure;

- The Company profile on ICN Gateway is complete, up-to-date and accurate;
- Interest is registered as full-scope or partial-scope supplier (where applicable); and
- Responses to the pre-qualification criteria (questions) via the ICN Gateway are provided.

EOI Closing Date: 28/11/2018
