## Koodaideri Project – Phase 1

|                                     |   |
|-------------------------------------|---|
| <b>Project Overview:</b>            | <p>The Koodaideri Project (Project), consists of the development of a new iron ore mine located approximately 110km west-northwest of Newman in the Pilbara Region and associated rail infrastructure which extends from the Koodaideri mine to Rio Tinto's existing rail network at Lyre.</p> <p>The mine will include dry crushing and screening plant, non-process infrastructure, product stockyards, rail loop and load-out and rail link to Rio Tinto's main rail line.</p>   |
| <b>Package Title:</b>               | <b>New 220/33kV Transformer</b>   |
| <b>Package Reference:</b>           | <b>KD1/E/SM/2662</b>  |
| <b>Package Description:</b>         | <p>The scope of work is for the supply of large power transformers for the Project. The company will procure in either of the two following options:</p> <ul style="list-style-type: none"><li>• One (1) or two (2) 60MVA, 220/33/11kV; or</li><li>• Two (2) 70MVA, 220/33/11kV.</li></ul> <p>The scope of works will also include design, manufacture, factory testing, packing and transportation to Site of the transformers in either of the options. The Contractor must provide separate pricing for each option for consideration.</p>   |
| <b>Specific Scope Requirements:</b> | <p>Contractors wishing to be considered must be able to demonstrate their ability to complete the following tasks:</p> <ul style="list-style-type: none"><li>• demonstrate strong capability in the design, engineering and manufacture of large power transformers to meet or exceed Project quality requirements and specifications;</li><li>• ensure the scope can be delivered to the highest standards of health and safety, with zero harm to people and environment;</li><li>• demonstrate the successful completion of similar projects;</li><li>• demonstrate manufacturing capacity and capability to achieve Project programme requirements;</li><li>• demonstrate strong capabilities and proven systems in project, quality, supply chain and logistics management to meet Project quality and programme requirements;</li><li>• familiarity with and the ability to fully comply with the technical requirements of RTIO specifications; and</li><li>• demonstrate ability to provide spares and after sales service support.</li></ul> |
| <b>Forecast Award Date:</b>         | June 2019   |
| <b>Package-Specific Criteria:</b>   | Ability to design and supply the equipment to the design data as specified in the equipment datasheets, technical specification, scope of work and other requirements stated in contract documentation.   |

## Expression of Interest

**Expression of Interest:**

Suppliers and contractors are invited to express an interest in this scope of work by registering on the ICN Gateway online platform. Please ensure;

- The company profile on ICN Gateway is complete, up-to-date and accurate;
- Interest is registered as full-scope or partial-scope supplier (where applicable); and
- Responses to the generic pre-qualification criteria (questions) via the ICN Gateway, is provided.

**EOI Commencement Date:**

21 November 2018

**EOI Closing Date:**

19 December 2018

**Contact:**

Industry Capability Network of Western Australia. (+618) 9365 7556
