

## PROJECT SEA DRAGON (PSD) - EXPRESSION OF INTEREST (EOI)

**Project Overview:**

A large scale land based green field aquaculture facility is to be constructed at Point Ceylon, Bynoe, 120 kilometres from the Northern Territory (NT) capital, Darwin. The facility will be a Brood Maturation centre (BMC) and will produce large volumes of post larvae (PL's) Black Tiger prawns to be used for stocking ponds at the Growout Centre (GOC) located at Legune Station, NT. The BMC is a key element in PSD's large scale aquaculture project.

**Package Title:**

**Supply, Deliver and Commission Seawater Intake Pumps**

**Reference:**

**PSD.103**

**Package Description:**

This package is for the supply, delivery and commissioning of pumps including fuel system at the BMC facility. The pumps will be used for raw seawater intake and distribution to the BMC Facility:

- 1 off skid mounted diesel pump – Pump flow rate 140 m3/hour, duty head 22 meter and pumping running time of 12 hours per day
- 1 off skid mounted diesel pump – Pump flow rate 70 m3/hour, duty head 70 meters and pump running time of 22 hours per day
- Provide precommissioning checks and wet commissioning of pumps (and fuel system) on site
- The work in this package excludes piping connections to other equipment. Equipment will be supplied with client specified inlets and outlets.

Contractors are to supply all labour, consumables and equipment to deliver the pumps to site.

In accordance with PSD's commitments to building local and Indigenous capacity in the region, the tender evaluation will include a weighting for utilising local regional businesses in the Northern Territory.

PSD reserve the right to combine this package and or parts of this package with any other project package.

**Key Information to be included in the EOI:**

Must provide a proposed local indigenous participation plan with Traditional owners, local aboriginal and/or other aboriginal people specific for the contract package

Must provide information specific for the contract package with a focus on meeting key milestone dates (below) including but not limited to;

- Duration from date of PSD order to delivery of the pumps to site
- Key personnel for supply and commissioning
- Contractor must be cognisant of Northern Australia's wet season

	periods
	Must be able to demonstrate how to meet cultural heritage commitments and provide evidence from other projects
	Must provide details of a Quality Management system and records of previous performance including commissioning
<b>Key Milestones:</b>	Target Contract award: March 2019 Target Delivery: June 2019
<b>Expression of Interest:</b>	Contractors are invited to express an interest in this package by registering on the ICN Gateway on line platform. Please ensure your ICN company profile is up to date before registering your expression of interest.
<b>EOI Closing Date:</b>	11 <sup>th</sup> January 2019
