Koodaideri Project – Phase 1

| | |
|-------------------------------------|--|
| Project Overview: | <p>The Koodaideri Project (Project), consists of the development of a new iron ore mine located approximately 110km west-northwest of Newman in the Pilbara Region and associated rail infrastructure which extends from the Koodaideri mine to Rio Tinto's existing rail network at Lyre.</p> <p>The mine will include dry crushing and screening plant, non-process infrastructure, product stockyards, rail loop and load-out and rail link to Rio Tinto's main rail line.</p> |
| Package Title: | Process Plant SMP |
| Package Reference: | KD1/A/CC/1610 |
| Package Description: | <p>The scope of works is for the supply, fabrication and installation of process plant materials handling facilities structural, mechanical and piping including:</p> <ul style="list-style-type: none">• primary crushing facility;• overland conveying;• coarse ore storage;• dry screening and crushing facilities;• in plant conveying;• stockyard conveyors and services;• sampling conveyors; and• train load-out facility. |
| Specific Scope Requirements: | <p>Suppliers wishing to be considered must be able to demonstrate their ability to complete the following tasks:</p> <ul style="list-style-type: none">• demonstrate strong capability in the supply, fabrication, delivery and installation of process plant structural, mechanical and piping infrastructure in remote areas to meet or exceed Project quality requirements and specifications;• ensure the scope can be delivered to the highest standards of health and safety, with zero harm to people and the environment;• demonstrate the successful completion of similar projects;• demonstrate manufacturing capacity and capability to achieve Project programme requirements;• demonstrate strong capabilities and proven systems in project quality, supply chain, manufacturing, logistics, construction and safety processes to meet Project quality and programme requirements; and• familiarity with and the ability to fully comply with the technical requirements of RTIO specifications. |
| Forecast Award Date: | July 2019 |

Expression of Interest

- Package-Specific Criteria:** Ability to supply, fabricate, deliver and install process plant structural, mechanical and piping infrastructure in remote areas as specified in technical specifications, scope of work and other requirements stated in contract documentation.
- Expression of Interest:** Suppliers and contractors are invited to express an interest in this scope of work by registering on the ICN Gateway online platform. Please ensure;
- The company profile on ICN Gateway is complete, up-to-date and accurate;
 - Interest is registered as full-scope or partial-scope supplier (where applicable); and
 - Responses to the generic pre-qualification criteria (questions) via the ICN Gateway, is provided.
- EOI Commencement Date:** 04 December 2018
EOI Closing Date: 07 January 2018
- Contact:** Industry Capability Network of Western Australia. (+618) 9365 7556
- More information about Pilbara projects at Rio Tinto is available at <http://www.riotinto.com/australia/pilbara-4691.aspx>
- Disclaimer:** *This package description and target award date is indicative only and subject to change. It is intended to provide a brief outline only of certain works that may be required for proposed Rio Tinto projects and should be read in conjunction with the Rio Tinto project description on ICN Gateway. Full scopes of work will be made available to parties invited to tender. There is no undertaking to contract or proceed to a competitive process implied by this form. Further contact with interested suppliers will be at Rio Tinto's discretion.*
