Koodaideri Project – Phase 1

Project Overview:	<p>The Koodaideri Project (Project), consists of the development of a new iron ore mine located approximately 110km west-northwest of Newman in the Pilbara Region and associated rail infrastructure which extends from the Koodaideri mine to Rio Tinto's existing rail network at Lyre.</p> <p>The mine will include dry crushing and screening plant, non-process infrastructure, product stockyards, rail loop and load-out and rail link to Rio Tinto's main rail line.</p>
Package Title:	Dust Fogging System
Package Reference:	KD1/M/SM/2658
Package Description:	<p>The scope of work is for the design, manufacture, shop test, pre-assembly, packaging and transportation of the below listed equipment to site:</p> <ul style="list-style-type: none">• primary crusher haul truck dump bin dust fogging system;• coarse ore stockpile (25,000 tonne live capacity) feed conveyor dust fogging system; and• associated tools and spares. <p>The scope also includes provision of construction supervision, commissioning assistance, performance measurement assistance and training of Site personnel.</p>
Specific Scope Requirements:	<p>Suppliers wishing to be considered must be able to demonstrate their ability to complete the following tasks:</p> <ul style="list-style-type: none">• demonstrate that the scope can be delivered with highest standards of health and safety with zero harm to people and environment;• demonstrate the successful completion of similar projects;• demonstrate the design capability for selection of equipment to meet the requirements listed in Project documentation;• demonstrate that manufacturing capacity and capability at proposed locations for equipment supply can deliver the equipment on schedule as agreed with the Project Engineer;• familiarity with and the ability to fully comply with the technical requirements of RTIO specifications;• demonstrate that the equipment supplied will be of quality standards meeting or exceeding the Project quality requirements specifications; and• demonstrate ability to provide spares and after sales service support.
Forecast Award Date:	August 2019

Expression of Interest

Package-Specific Criteria:

Ability to design and supply the equipment to the design data as specified in the equipment datasheets, technical specification and other requirements stated in Contract Documentation.

Expression of Interest:

Suppliers and contractors are invited to express an interest in this scope of work by registering on the ICN Gateway online platform. Please ensure;

- The company profile on ICN Gateway is complete, up-to-date and accurate;
- Interest is registered as full-scope or partial-scope supplier (where applicable); and
- Responses to the generic pre-qualification criteria (questions) via the ICN Gateway, is provided.

EOI Commencement Date:

10 December 2018

EOI Closing Date:

07 January 2019
