Koodaideri Project – Phase 1

Project Overview: The Koodaideri Project (Project), consists of the development of a new iron ore mine located approximately 110km west-northwest of Newman in the Pilbara Region and associated rail infrastructure which extends from the Koodaideri mine to Rio Tinto's existing rail network at Lyre.

The mine will include dry crushing and screening plant, non-process infrastructure, product stockyards, rail loop and load-out and rail link to Rio Tinto's main rail line.

Package Title: Shuttle Fabrication

Package Reference: KD1/M/SM/2663

Package Description: The scope of work is for the supply, fabrication and transportation of the shuttle head for the screening building feed conveyor to Site.

Specific Scope Requirements: Suppliers wishing to be considered must be able to demonstrate their ability to complete the following tasks:

- demonstrate ability to supply one off 5 trolley shuttle for a 2,000 mm belt width complete with shuttle wheels, dozer track chain, conveyor pulley mounts and buffer stops;
- demonstrate ability to supply shuttle drive frame complete with fabricated shuttle sprockets, hubs, bearings and shafts;
- demonstrate the scope can be delivered with highest standards of health and safety with zero harm to people and environment;
- demonstrate the successful completion of similar projects;
- demonstrate that manufacturing capacity and capability at proposed locations for equipment supply can deliver the equipment on schedule as agreed with the Project Engineer;
- demonstrate that the equipment supplied will be of quality standard meeting or exceeding the Project quality requirements specifications;
- familiarity with and the ability to fully comply with the technical requirements of RTIO specifications;
- demonstrate ability to provide suitably qualified personnel throughout the works; and
- demonstrate ability to provide suitably qualified personnel for assisting the supervisor at commissioning and performance testing, if requested.

Forecast Award Date: December 2019

Package-Specific Criteria: Ability to design and supply the equipment to the design data as specified in the equipment datasheets, technical specification and other requirements stated in Contract Documentation.

Generic Pre-Qualification

Expression of Interest

Requirements:

As per (draft) Selection Criteria

Expression of Interest:

Suppliers and contractors are invited to express an interest in this scope of work by registering on the ICN Gateway online platform. Please ensure:

- The company profile on ICN Gateway is complete, up-to-date and accurate;
- interest is registered as full-scope or partial-scope supplier (where applicable); and
- responses to the generic pre-qualification criteria (questions) via the ICN Gateway, is provided.

EOI Commencement Date:

8 March 2019

EOI Closing Date:

5 April 2019
