

Barossa Offshore Project

Package No: 20190301-AUW

Package Name: **Inspection Services**

Scope of Work
(*To be confirmed)

The inspection services scope of work is as follows:

- Provide global inspection services on behalf of ConocoPhillips to support contracting, manufacturing, fabrication, testing, delivery and installation work for the following scopes:
 - Floating, Production, Storage and Offloading (FPSO);
 - Subsea Production System (SPS);
 - Subsea Umbilical, Risers and Flowlines (SURF);
 - Gas Export Pipeline, and.
 - Fibre Optic Communication Package.
- Provision of an inspection coordinator based in the office facilities of the Inspection Services Provider (ISP), either in Perth, Western Australia or other head office facilities;
- Provision of suitability qualified personnel to carry out inspection surveillance and reporting services on behalf of ConocoPhillips to ensure the project specifications and schedule are adhered to by ConocoPhillips contractors and subcontractors; and
- Provision of services at various locations worldwide and at various times as advised by ConocoPhillips.
- Liaise frequently with both ConocoPhillips and contractors.

Minimum requirements for the ISP:

- Track record in delivering inspection services for major offshore oil and gas capital projects in Australia.
- Able to demonstrate both independence and competence to deliver the inspection services for the Barossa Offshore Project.
- An established presence globally with offices located in the main offshore oil and gas construction hubs including the key shipyards.
- Established systems and procedures on the execution of inspection services for major offshore oil and gas projects.
- Knowledge of both Australian Standards and international recognised codes and standards commonly used for major offshore oil and gas projects.

Indicative contract award: Q1 2020 (*)

Project Registration

ConocoPhillips is committed to ensuring Australian Industry full, fair and reasonable opportunity to participate in the Barossa Project. Expressions of Interest are invited from contractors and suppliers with the relevant capability and capacity to undertake the scope of work.

This is a request for specific expressions of interest. Contractors and suppliers will be considered for prequalification and tender if suitably qualified against this package.
