

ALLSEAS AUSTRALIA – GORGON STAGE 2

Title:

Provision of anchor handling vessel

Description:

Expressions of interest are being sought from CONTRACTORS able to supply services and/or equipment in support of the Gorgon Stage 2 (GS2) Offshore Pipeline Installation Scope.

Scope:

Allseas requires CONTRACTORS with the capability to provide an anchor handling vessel and associated services for operations during the Pipeline Installation Scope of Work.

Award of this scope is planned from Q2 2020, with execution of works in Q4 2020/Q1 2021.

CONTRACTORS shall be capable of providing the following:

- Provision of an Anchor Handling Tug suitable for deployment of anchors and associated initiation wires of approx. 2500 m each
- Vessel capable of setting anchors and provide anchor test up to 150 t using a combination of the vessel working wire and initiation wire
- Back-up vessel in case primary vessel is unavailable for the works

Expression of Interest Instructions

This is a request for specific expressions of interest only. CONTRACTORS will be considered for future follow up if suitably qualified against this package.

CONTRACTORS are to express interest via ICN Gateway where competency can be demonstrated. Electronic EOIs will be accepted for Full Scope and/or Partial Scope.

Contractors will only be considered for Prequalification to Tender if deemed suitably qualified by Allseas.

All initial enquiries can be made through the Industry Capability Network, including assistance with EOI submissions on ICN Gateway.
