

Narrabri to North Star

**INLAND
RAIL** 

Learn more about regional supply opportunities

The Narrabri to North Star (N2NS) Inland Rail project is currently in the project assessment stage.

We are working to finalise our project approvals in order to progress to construction.

As we move towards construction, we are looking to enable opportunities for local and Indigenous participation on the project.

Come to a regional supplier briefing to learn more about the N2NS project, timeframes and potential supply opportunities.
