

Queen's Wharf IRD – Part A

Work-Package Name: Waterproofing (Basements)

Scope:

Supply and installation of waterproofing for plant rooms, plenums and wet areas.

Work shall include waterproofing membranes, bandages, sealants, backing rods, primers, fillets, adhesives, 'protect board' protection layers, waterproofing materials generally.

Allow for the supply and application of waterproof membranes and waterproof sealer finish wherever detailed on the document and wherever it would be obvious that they would be required, including all the necessary preparation of the building element surfaces, fillets etc. including but not limited to the following building elements:

- Public wet areas
- Staff wet areas
- Plant Rooms
- Exterior face of blockwork walls and concrete walls below grade
- Lift pit walls

Multiplex is committed to ensuring Australian Industry the opportunity to participate in the Queens Wharf IRD (Integrated Resort Development) Project.

Multiplex and Industry Capability Network (ICN) would like to invite you to register your interest in this package if you have capability to undertake the scope of work.

Suppliers and manufacturers will only be considered for prequalification and tender lists if suitably qualified.

For general expressions of interest please contact the Industry Capability Network or send your Expression of Interest on Any Opportunities work-package on ICN Gateway (www.QueensWharf-PartA.icn.org.au).
