

Barossa Offshore Project

Package No:	AIP-DSIC-004 Aluminium Helideck Package
Package Name:	ALUMINIUM HELIDECK PACKAGE
Scope of Work	<p>An aluminium helideck shall be provided suitable for Sikorsky S92 and Aerospatiale/Euro copter Super Puma AS-332/L1/L2 and EC-225 machines with additional area to park one helicopter. With one parked helicopter, the deck is to remain operational and rated for 13.6T (30,000lbs maximum take-off weight) compliant with CAP 437 (Standards for offshore helicopter landing areas, Edition 8.1, 2018).</p> <p>The helideck is to be provided with a passive self-draining Deck Integrated sea water Fire Fighting System (SEA WATER-DIFFS).</p> <p>The helideck shall be of a fire retardant type in order to maximize the safety of the passengers and crew of the helicopter. It shall be of a Safe Deck design or equivalent standard, incorporating a self-drained deck with a passive fire-retarding system where any discharge of fuel or burning liquid is effectively drained below the surface in a safe and controlled manner through perforated holes in the deck.</p> <p>Helideck perimeter lights, wave off lights, H and circle marking lights, windsock lights, necessary amount of flood lights and electrical systems as recommended by CAP 437 shall be provided.</p> <p>Recessed tie-down fastening eyes and Safety net all around the helideck shall be installed as required by CAP437.</p> <p>Two (2) sets of SWL 10t winches shall be provided for helicopter transit from landing area to parking area.</p> <p>Stairs for Entrance to/from the helicopter deck shall be provided as attached drawing</p> <p>The aluminium helideck shall be entire package in compliance with CAP 437 (Standards for offshore helicopter landing areas, Edition 8.1, 2018), supplied and installed on board by vendor.</p> <p>Contract Award Q2 2020; Delivery Q1 2021</p>

Project Registration

ConocoPhillips is committed to ensuring Australian Industry full, fair and reasonable opportunity to participate in the Barossa Offshore Project. Expressions of Interest are invited from contractors and suppliers with the relevant capability and capacity to undertake the scope of work.

This is a request for specific expressions of interest. Contractors and suppliers will be considered for prequalification and tender if suitably qualified against this package.

Note that an important part of the project registration process is to register an Expression of Interest at the correct Scope level.

Scope level definition:

Full scope: Able to produce / supply the entire package.

Partial scope: Able to produce / supply one or more of the sub-packages.

All registrations are to be completed via ICN Gateway BarossaOffshore.icn.org.au. Please contact the ICNNT if registration assistance is required. Contact details: (08) 8922 9422 or admin@icnnt.org.au.
