<p>ICN hereby invites Expression of Interest from respective trade contractors and suppliers for the Shiploader and Berth Replacement (SABR).</p> <p>All EOI submissions should be made through the ICN Gateway.</p>	
<p>Scope of Works</p>	<p>The Goods to be provided and works to be performed generally comprise Stress Bar Connections, and include the following main items:</p> <ul style="list-style-type: none"> • Supply of Stress Bars and anchor bolts as per drawings and specifications • M60 Super Duplex SAF 2507 grade bars - fabricated into post-tension bars (thread machined) • M24 Super Duplex SAF 2507 grade anchor bars (thread machined) • Fixings to suit above items, M60 nut, washer plate, anchor plate • M60 electrically isolated bearing/bushing (Orkot Bearing or similar variant) - fabricated to suit <p>Interested tenderers are invited to submit an expression of interest outlining relevant experience and capability for further consideration and may be invited to submit budget pricing for the package.</p>
<p>Project Description</p>	<p>The Shiploader and Berth Replacement project is a brownfields project located within the lease boundaries of the existing Hay Point Coal Terminal at the port of Hay Point, approximately 38 kilometres south of Mackay, Central Queensland. The project includes the disassembly and replacement of one of the existing Shiploaders and Berths to improve materials handling throughput and provide cyclonic wave immunity to terminal operations.</p> <p>MCCONNELL DOWELL</p> <p>McConnell Dowell has entered into an early contractor services contract with BMA and is expecting to enter into a construction contract for the delivery of the Hay Point Coal Terminal Shiploader 2 and Berth 2 Replacement Project in November 2020. McConnell Dowell as primary contractor is responsible for all of the above listed project scope except the fabrication of the new shiploader (SL2A) to be performed by others.</p>
