

Project Reference	Northrop Grumman Australia - Space Systems
Project Description	Northrop Grumman is seeking to identify and collaborate to develop Australian space capabilities. This includes a broad range of civil and military space based programs and capabilities including launch, space segment, ground segment, control segment and facilities.
Work Package Title	Space segment - assembly, integration and test
Work Package Description	Northrop Grumman is seeking suppliers experienced in assembly integration and test space vehicles and satellites.
Supplier and Registration Requirements	<p>Northrop Grumman Australia requires suppliers to:</p> <ul style="list-style-type: none"> <li>• Have demonstrated capability against the opportunity requirements;</li> <li>• Complete the registration, fully, prior to the completion date;</li> <li>• Have an up to date ICN business profile;</li> <li>• Operate in Australia or New Zealand as an Australian or New Zealand registered business;</li> <li>• Be viable suppliers, both financially viable and with demonstrable commercial value; and</li> <li>• Hold the required certifications, licenses and associations relevant to the opportunity.</li> </ul>
Diversity Identifiers	<p>Northrop Grumman Australia aims to be a partner of choice for Australian and New Zealand businesses. NGA encourages all businesses to submit a registration with relevant capabilities, and strongly encourages businesses who identify as the following to register:</p> <ul style="list-style-type: none"> <li>• Veteran owned;</li> <li>• Aboriginal and Torres Strait Islander businesses; and</li> <li>• Women owned businesses</li> </ul> <p>Please identify these during the registration process.</p>
Process	<p>Northrop Grumman Australia will receive reports from ICN on the closure of each work package, or monthly for packages that extend beyond that period.</p> <p>Northrop Grumman Australia will review all complete registrations. Northrop Grumman will follow-up with each registration to identify if the supplier has been included in further investigations of their place in the final solution.</p> <p>Further engagement will range from follow-up meetings, and request for quote or tender.</p> <p>No guarantee is given for suppliers that register interest or have follow-on meetings.</p>
