

Rheinmetall NIOA Munitions ICN Gateway Expression of Interest (EOI) Tool Room Machinery

RNM is seeking Expressions of Interest (EOI) from suitably qualified business interested in the Supply of Tool Room Metalworking Machinery to the facility in Maryborough, QLD	
Scope of Works	Supply and Install Metal-working Tool Room Machinery.
RNM Reference	RNM-2011
Project Description	<p>RNM is currently constructing a new, advanced forging and manufacturing facility located on a greenfield site within an existing industrial precinct in Maryborough, Queensland.</p> <p>The facility will manufacture large caliber artillery projectile shells with an initial operating capacity of 30,000 artillery shell cases per year.</p> <p>The facility will include a Tool Room equipped with diverse, high quality metal working machinery providing maintenance and break-down assistance to the heavy plant items contained within.</p>
Scope	<p>RNM is looking for EOI from companies that can supply, install and commission equipment on-site within the Maryborough, QLD production facility.</p> <p>Current planning estimates the facility will require the following machines.</p> <ul style="list-style-type: none"> • Centre Lathe • Turret Mill • Semi-automatic Band Saw • Cold saw • 50t Hydraulic H-Frame Press • Gear Head Pedestal Drill • Metal Belt Linisher • Pedestal Grinder <p>NOTE: RNM do not require suppliers to be able to offer all items listed. We would like to extend the opportunity to all Suppliers to supply one, or all of the items listed when they submit their EOI.</p>
Location of Works	52 Industrial Av, Maryborough West, QLD, 4650 (Lot 1, SP270124)
