

Rheinmetall NIOA Munitions ICN Gateway Expression of Interest (EOI) Tool Room Workstations

RNM is seeking Expressions of Interest (EOI) from a suitably qualified business interested in the Supply of Modular Workplace Systems and Material Storage options to the facility in Maryborough, QLD	
Scope of Works	Supply Tool Room Workstations, tool trolleys and storage cabinetry.
RNM Reference	RNM-2012
Project Description	RNM is currently constructing a new, advanced forging and manufacturing facility located on a greenfield site within an existing industrial precinct in Maryborough, Queensland. The facility will manufacture large caliber artillery projectile shells with an initial operating capacity of 30,000 artillery shell cases per year.
Scope	RNM is looking for EOI from companies that can supply workstation equipment to the Maryborough, QLD production facility. There is the requirement for various workstations and tool and material storage options within the facilities Maintenance Room, in order to carry out site maintenance and improvements. Current planning estimates the facility will require the following Modular Workplace systems and storage options. <ul style="list-style-type: none"> • Mobile workstations (trolleys) • Fixed Workstations • Heavy duty Work-table suitable for 5t mass. • Round bar stock storage. 3m length <p>NOTE: RNM do not require suppliers to be able to offer all items listed. We would like to extend the opportunity to all Suppliers to supply one, or all of the items listed when they submit their EOI.</p>
Location of Works	52 Industrial Av, Maryborough West, QLD, 4650 (Lot 1, SP270124)
