

# Social Procurement Framework

## What is it?

- Victorian Government policy
- Looks to support Victorian based socially & financially disadvantaged communities
- Encourages adoption of fair, inclusive and sustainable business practices

# Social Procurement Framework

## Why is it important?

- Government tenders and projects look for social procurement value as a point of difference
- Assists in diversifying supply chains and in turn increase competition
- Promotes socially responsible business practices

# ICN Social Procurement Program

## Why engage?

We are here to:

- Review your strategy
- Understand your social and sustainable capability
- Facilitate opportunities for competitive social and sustainable suppliers
- Help you report your achievements
