

Tanami Expansion 2 (TE 2) Project - EXPRESSION OF INTEREST (EOI)

Project Overview: The Newmont Tanami Operation (NTO) is located in the Tanami Desert of the Northern Territory approximately 530 km north west of Alice Springs. The Brownfields mining operations are located at the Dead Bullock Soak (DBS) area approximately 42 km to the west of the Granites. The nearest settlement is Yuendumu some 250 km southeast of The Granites. The Tanami Expansion 2 (TE 2) Project consists of expanding the mining infrastructure at Newmont Goldcorp Tanami Operations and potential increase of current ore production rate from its current nominal 2.6 Mtpa.

Package Title: **Batch Plant Laboratory (Operate)**

Reference: **P4044**

Package Description: The new laboratory requires trained operators to provide geotechnical testing and quality control for all concrete in accordance with National Association of Testing Authorities (NATA) requirements to support a continuous mining operation.

The information contained below is brought to tenderers' attention, however it is not all inclusive of battery limits and Principal / Operator responsibilities.

The work shall include, but shall not necessarily be limited to, the following:

- (a) Operations of laboratory;
- (b) Maintenance of laboratory equipment/instruments;
- (c) Breakdown response for laboratory equipment/instruments;
- (d) Review of the Principal supplied documentation which describes the "Schedule of Items in the Laboratory Unit" of the new Batch;
- (e) Conduct safety reviews (i.e. HAZOP) with the Principal to assure that the operational Risks are identified and controls implemented;
- (f) Laboratory testing and management in compliance with Australian Standards i.e. AS 1289 & AS 17025
- (g) Provision of National Association of Testing Authorities (NATA) accredited primary testing service
- (h) Laboratory management in accordance with National Association of Testing Authorities (NATA)
- (i) Implement a Quality Management Plan which describes the quality control and assurance activities to confirm concrete or shotcrete meets the specifications;

Key Information to be included in the EOI:	<p>Must provide a proposed local indigenous participation plan with Traditional owners, local aboriginal and/or other aboriginal people specific for the contract package</p> <p>Must provide resourcing information specific for the contract package.</p> <p>Must be able to provide evidence from other projects. Evidence to be supported with key past client reference people and their contact details</p> <p>Must be able to demonstrate how to meet cultural heritage commitments and provide evidence from other projects.</p> <p>Must provide details of a Safety Management system and records of previous safety performance such as LTIFR and RIFR.</p> <p>Must provide details of a Quality Management system and records of previous performance.</p>
Key Milestones:	<p>Tenderers Release Date: 22.02.2021</p> <p>Target Contract Award Date: 15.04.2021</p> <p>Completion: 30.11.2023</p>
Expression of Interest:	<p>Contractors are invited to express an interest in this package by registering on the ICN Gateway on line platform. Please ensure your ICN company profile is up to date before registering your expression of interest.</p>
EOI Closing Date:	<p>18.02.2021</p>
Contact:	<p>Industry Capability Network Northern Territory</p> <p>www.gateway.icn.org.au.</p>
Project URL's	<p>For more information about Newmont please refer to the company website www.newmont.com</p>
Disclaimer:	<p>This package description and target award date is indicative only and subject to change. It is intended to provide only a brief outline of certain works that may be required for the TE2 project and should be read in conjunction with the TE2 project description on ICN Gateway.</p>
