

MARDIE SALT AND POTASH PROJECT

EXPRESSION OF INTEREST

Project Overview:

The proposed Mardie Salt & Potash Project (**Project**) is located within Australia's major salt producing region on the West Pilbara coast. The Project is proposing to be Australia's first to produce salt and Sulphate of Potash (**SOP**) through the evaporation of seawater.

Package Title:

Crystallisers

Package Reference:

MAR-012

Package Description:

The Scope of Work covers the construction of primary and secondary salt crystalliser ponds and kainite-type mixed salts (**KTMS**) crystalliser ponds.

Specific Scope Requirements:

Contractors wishing to be considered must be able to demonstrate their ability to complete the following tasks:

- Bulk civil and earthworks (including permanent and temporary works);
- Clearing and Management of Mesquite;
- Construction of earthworks embankments;
- Construction of cement stabilised and concrete floodways;
- Construction of culverts;
- Bulk earthworks mass haul planning and management;
- Working in soft soils and experience with clay materials;
- Sorting and processing of construction materials, including rock from locally won/ripped material;
- Management of remote batching facility;
- Civil construction works including piping, underground services, concrete pads, retaining walls and structures

The works consists of all necessary activities including, but not limited to mobilisation and demobilisation, project management, engineering support and QA management, shire approvals, off-site supply of materials, and supply of all plant, equipment and labour.

Contracting Strategy:	The works will be performed under a construct-only agreement with Company provided commercial terms.
Forecast Award Date:	Q1 2022
Forecast Construction Commencement Date:	Q2 2022
Generic Pre-Qualification Requirements:	Contractor is required to demonstrate similar scale and complexity of works successfully performed for the stated scope, and be willing to provide past project references (and if necessary, site visits to past projects) to establish market capability to carry out the works.
Expression of Interest:	<p>Contractors are invited to express an interest in this scope of work by registering on the ICN Gateway online platform.</p> <p>Please ensure:</p> <ul style="list-style-type: none">• The Company profile on ICN Gateway is complete, up-to-date and accurate; and• Interest is registered as full-scope or partial-scope supplier (where applicable).
Disclaimer:	<p><i>This package description and target award date is indicative only and subject to change. It is intended to provide a brief outline only of certain works that may be required for the proposed BCI Minerals Project and should be read in conjunction with the BCI Minerals Project description on ICN Gateway. Full scopes of work will be made available to parties invited to tender. There is no undertaking to contract or proceed to a competitive process implied by this form. Further contact with interested suppliers will be at BCI Minerals' discretion.</i></p>
