ASC is seeking **Expressions of Interest (EOI)** from companies with the capacity and capability for the:

Provision of Onsite Machining Services for On-Boat and Off-Boat Services for Collins Class Submarines (CCSMs).

This will primarily involve undertaking Onsite Machining Services requirements for submarine Full Cycle Dockings (FCD's).

Scope of Work:

1. Location

- The services will be provided at ASC North, Osborne, South Australia.
- The services will be undertaken either onboard the CCSM, or at the ASC North workshop.
- Confined space experience is essential

2. Indicative Scope

- The services will vary based on the condition of the CCSM. FCD activities will vary from submarine to submarine. Some examples of common machining scope includes:
 - machining of existing submarine equipment;
 - helicoil repairs;
 - in-situ machining for capability upgrades; and
 - any other machining tasks as directed by ASC.
- All Services must be performed in accordance with ASC's specifications. The Contractor will provide all supporting documentation to ASC on completion of each activity.

3. Equipment and Materials and Consumables Procurement, Storage and Management

- The service provider is to supply, manage and maintain their own onsite machining equipment and consumables throughout the FCD. This includes:
 - Storage of Equipment & consumables required for onsite machining
 - Crib rooms and locker rooms (including cleaning and maintenance)

4. Rigging and Lifting

- ASC will provide onsite rigging and lift support for CCSM items which cannot be reasonably lifted by service provider personnel

5. Pre-Qualification Questionnaire (Generic)

- Does your website provide a detailed description of your Company's capability? If yes then please provide the appropriate link.
- Are you an Australian registered company? Please provide your ABN details?
- Provide details of the company's management organisation structure and full time headcount.
- Please state what quality certification and accreditations you hold.
- Do you hold Defence Industry Security Program (DISP) Membership? If so, state what membership level you hold. Refer to <https://www.defence.gov.au/security/industry> for further information.

6. Pre-Qualification Questionnaire (Specific to Requirements)

- Provide full details including value and location of previous major defence, maritime or commercial projects in which your company has delivered restricted space machining services.
- Provide details of how your company can support the ASC commitment to support Collins Class Submarines (CCSMs). Detail if the labour to complete the scope of work will be provided by Australian permanent residents.
- Do you have the capability to manufacture in-house or will you need to subcontract portions of the work? If so, please provide details of your capability and on any outsourced components.

Expressions of interest submissions should include:

- Details of submarine or other marine experience;
- Capability within South Australia;
- Experience of service provider personnel;
- Any other relevant details

Closing date for Expression of Interest:

16th December 2021 at 4.00PM
