

# Darwin International Airport Hydraulic Infrastructure Upgrades and Additions

**Package Number**

ADG-008

**Package Name**

DIA - Hydraulic Infrastructure Upgrades and Additions

**Scope of Work**

The scope of work includes detailed design, installation and commissioning of new potable and fire water infrastructure including duplication of the below ground reticulation network, new fire tanks, new booster pumps, hydrants and connections to the local supply authority network.

**Minimum SOW Requirements**

Suitably qualified hydraulic and fire engineering consultants  
Suitable qualified, experienced and licensed plumbing contractors

**Delivery / Supply Schedule**

July 2022 to July 2027

**Project Registration Information**

Airport Development Group is committed to ensuring Australian Industry the opportunity to participate in the DIA Hydraulic Infrastructure Upgrade and Additions project.

You are invited to submit an expression of interest if you have the relevant capability and capacity to undertake the scope of work. Suppliers and contractors will only be considered for prequalification and tender lists if suitably qualified.

All expressions of interest (EOIs) are to be completed via ICN Gateway [www.adg.icn.org.au](http://www.adg.icn.org.au).  
Please contact ICNNT if EOI assistance is required. Contact details: (08) 8922 9422 or [resources@icnnt.org.au](mailto:resources@icnnt.org.au).

**Note** that an important part of the project registration process is submitting your EOI at the correct Tier level.

**Tier level definition:**

**Full Scope (Tier 1):** Able to produce / supply all of the package. **Partial Scope (Tier 2):** Able to produce / supply SOME of the package.
