

# Alice Springs Airport HV Infrastructure Upgrades

**Package Number**

ADG-010

**Package Name**

ASA - HV Infrastructure Upgrades

**Scope of Work**

Rejuvenation of the high voltage electrical infrastructure at Alice Springs Airport. The scope includes the design, supply, installation, testing and commissioning of new high voltage and low voltage electrical infrastructure including 11kV/415V substations, ring main units and high voltage cabling, submains cables and switchboards to replace existing infrastructure.

**Minimum SOW Requirements**

Suitably qualified and experienced licenced high voltage electrical contractors  
PWC Accreditation

**Delivery / Supply Schedule**

July 2022 to December 2023

**Project Registration Information**

Airport Development Group is committed to ensuring Australian Industry the opportunity to participate in the ASA HV Infrastructure Upgrade project.

You are invited to submit an expression of interest if you have the relevant capability and capacity to undertake the scope of work. Suppliers and contractors will only be considered for prequalification and tender lists if suitably qualified.

All expressions of interest (EOIs) are to be completed via ICN Gateway [www.adg.icn.org.au](http://www.adg.icn.org.au).

Please contact ICNNT if EOI assistance is required. Contact details: (08) 8922 9422 or [resources@icnnt.org.au](mailto:resources@icnnt.org.au).

**Note** that an important part of the project registration process is submitting your EOI at the correct Tier level.

**Tier level definition:**

**Full Scope (Tier 1):** Able to produce / supply all of the package. **Partial Scope (Tier 2):** Able to produce / supply SOME of the package.
