

CHEVRON AUSTRALIA

TITLE: Land Drilling Rigs for Well Decommissioning Work (WAO001)

DESCRIPTION: Chevron Australia (Chevron) is seeking expression of interest from companies who have the organizational and operational capability to provide Land Drilling Rigs in support of decommissioning works on Barrow Island.

The scope of work is for the provision of land drilling rigs with horsepower of at least 750-1500hp and hook load capacity of at least 300-500 kips to support WA Oil well decommissioning work of 888 wells.

The anticipated call down window for the rigs is from mid-2024 in phased mobilization.

Drilling rig companies which have such rigs available in the call down window are encouraged to register their interest.

CONTACT: Industry Capability Network of Western Australia –
