

Package Summary - WMP-CON-280, Survey Works Package – General Survey Services

OZ Minerals Musgrave Operations Pty Ltd requires the services of a suitably qualified and resourced Contractor to undertake general surveying duties (e.g., topographic) and detailed surveying checks (e.g., quarry, earthworks, structural construction etc.) with the inclusion of drones for reporting purposes. Successful Contractor will work closely with the other Surveyors on Site during the execution of scope and share (where relevant) geospatial data collection to promote working collaboratively as a team across the West Musgrave Project.

The Contractor will supply all equipment necessary for the safe and effective performance of the scope. It will be Contractor's responsibility to ensure that the necessary equipment has been mobilised to site to undertake assigned tasks as required and with no delays.

Broadly, Survey's will include the following:

- Sufficient Temporary Benchmarks (TBMs) for survey control during construction;
- Identification of all utilities and services including valves, pits (with dimensions), pipes, cables and trenches (where visible), covers, lids and poles;
- Identification of all stormwater infrastructure including side entry pits, grated inlet pits, junction boxes, headwalls, direction of stormwater pipes (where possible), and pipe diameters and materials (where possible);
- Identification of kerb types;
- Survey of all road line marking within the road corridor scope;
- Survey of all stockpiled quarry crushed material at borrow pit location;
- Identification of all existing survey markers; and
- Sufficient existing surface levels to define local topography including all changes of grade at road centreline and edge of seal (both sides of the road), kerbs, driveway crossovers, etc.

Forward looking

The WMP is subject to internal and external approvals. A final investment decision is expected in QTR 4, 2022. The timing, procurement strategy and/or scope of works, may change at the discretion of OZ Minerals. On the receipt of EOI from relevant survey contractor, OZ Minerals will review each EOI and provide feedback where necessary. OZ Minerals will send formal correspondence to notify each successful Contractor in proceeding with a formal Contract Tender process (RFT).

Submission of Expression of Interest (EOI)

OZ Minerals invites capable and experienced Contractors, who align with our '[OZ Way](#)' of working to register their EOI, clearly identifying their capability to be execute the scope herein.

Please express your interest by completing the [West Musgrave Supplier Registration Form](#). EOIs without a completed West Musgrave Supplier Registration Form will not be considered.

OZ Minerals will use the EOIs to improve our understanding of market capability and interest. Suitable Registrants may subsequently be invited to submit a tender for this package.

Please email WMPCommercial@ozminerals.com should you have any questions.
