

## Emergency Services

Package Number: 25977-000-HC4-W000-00017

Package Title: Emergency Services

### General Description

RTA Weipa Pty Ltd expects the following general outcomes from the performance of the services:

- Constant availability of 24 hour paramedical services and support at the North and South of Embley (SoE) construction areas and the Boyd Accommodation Village;
- High level professional paramedical care, including quick response times to any person suffering a medical or trauma-related incident;
- A workforce that has been effectively trained and educated in health and emergency rescue matters; and
- An on-site medical consultation service to address common medical problems and referral to Weipa medical services.

### Specific Scope Requirements

The services will include, but are not limited to, the following which the contractor must provide both on the SoE site and in the adjacent areas, according to requirements established in more detail below:

- Routine and emergency first aid;
- Incident and emergency management work within SoE Emergency Response Plan and SoE Health and Safety Management Plan;
- Transport of, or arrangement of transport for, injured or sick patients;
- Provision of its own ambulances well as other suitable and appropriate transportation means for use in performing the services, and the availability of additional vehicle or trailer to transport service equipment.

## Delivery Schedule

### Forecast Award Date: Q1, 2016

In 2015, RTA Weipa is undertaking a detailed feasibility study on the Project that will inform a final investment decision by Rio Tinto. A decision is expected to be received in the final quarter of 2015. Future procurement decisions are dependent on board approval.

Construction of associated mine infrastructure is anticipated to take 36 months once final board approval is granted.
