

South of Embley project

Expression of interest

Concrete Supply & Testing

Package Number: 25977-000-HC2-DB50-00026

Package Title: Concrete Supply & Testing

General Description

Rio Tinto's proposed South of Embley project is located approximately 40 km south-west of Weipa in far North Queensland, Australia. The contractor is expected to manufacture and supply concrete for the Project.

The scope of work includes but is not limited to the following:

- Mobilisation of an initial batch plant and static batch plant to the Project site.
- Commissioning, operation and the demobilisation of the Batch Plant.
- The Supply and testing of all material and equipment required in the production of concrete
- Trial mixing of the different concrete mixes as required
- Provide agitator trucks to mix the concrete and deliver to the pour sites.
- Provide all labour, supervision and technical support to enable the safe operation of the plant at all times.

The on-site plants are to be sized and configured to enable the following minimum output rates to be maintained throughout the nominated hours of work (including meal breaks) during the peak demands of the Project:

Initial mobile concrete batch plant: 20-30 m³/hr

Static concrete batch plant: 60-80 m³/hr

Delivery Schedule

Forecast Award Date: 2Q, 2016

In 2015, Rio Tinto is undertaking a detailed feasibility study that will inform a final investment decision. A decision is expected to be received in the final quarter of 2015. Future procurement decisions are dependent on board approval.

Construction of associated mine infrastructure is anticipated to take 36 months once final board approval is granted.

Instructions to suppliers

If your business possesses the capability and capacity to perform the stated scope of work, please submit a registration of interest via the ICN Gateway at www.southofembley.icn.org.au.

Please ensure that:

- Your company profile on ICN Gateway is complete, up-to-date and accurate
- You register your interest as a Full Scope or Partial Scope supplier (where applicable), and
- You respond to all project-specific questions via the ICN Gateway.

More Information

Please contact the Industry Capability Network Queensland on +61 (7) 3364 0676 should you have any enquiries regarding this scope of work.

More information about the South of Embley Project can be found on the Rio Tinto website www.riotinto.com.

Disclaimer

Scope of Work is indicative only and is intended to be used as a summary description of work which may be required by Rio Tinto and may be subject to change. Full scopes of work will be made available to parties that are invited to tender. There is no undertaking to contract or proceed to a competitive process implied by this form. Further contact with interested suppliers will be at Rio Tinto's discretion.
