

## Rail Mounted Machines

Package Number: 25977-000-HC1-MHRO-00034

Package Title: Rail Mounted Machines

### General Description

Rio Tinto's Amrun Project is located approximately 40 km south-west of Weipa in far North Queensland, Australia.

The primary Contractor shall design, supply, deliver, install, and commission three rail mounted machines for the Amrun Project:

- One (1) bauxite stacker
- One (1) bauxite reclaimer
- One (1) bauxite shiploader

The primary Contractor may utilise the ICN Gateway to procure subcontractors for partial scopes of work. Expressions of interest for works associated with this scope are therefore encouraged to be submitted to ICN.

### Delivery Schedule

**Forecast Award Date: 1Q, 2016**

### Instructions to Tenderers

On behalf of the Principal Contractor, Rio Tinto is seeking expressions of interest from subcontractors capable of producing/supplying part or some of the requirements of the scope of works.

If your business has the capability and experience to provide required items to the Primary Contractor in a partial scope capacity, please submit an expression of interest via the ICN Gateway at [www.amrun.icn.org.au](http://www.amrun.icn.org.au).

Please ensure that:

- Your company profile on ICN Gateway is complete, up-to-date and accurate
- You respond to all project-specific questions via the ICN Gateway.

Please note: Following contract award, the Primary Contractor may establish a subpage on the Amrun ICN Gateway project portal ([www.amrun.icn.org.au](http://www.amrun.icn.org.au)) to communicate partial scope opportunities.

**More Information**

Please contact the Industry Capability Network Queensland on +61 (7) 3364 0676 should you have any enquiries regarding this scope of work.

More information about the Amrun Project can be found on the Rio Tinto website [www.riotinto.com](http://www.riotinto.com).

**Disclaimer**

Scope of work is indicative only and is intended to be used as a summary description of work which may be required by Rio Tinto and may be subject to change. Full scopes of work will be made available to parties that are invited to tender. There is no undertaking to contract or proceed to a competitive process implied by this form. Further contact with interested suppliers will be at Rio Tinto's discretion.
