

Dredging

Contract Number: CAL0.1-BC-MR-CC-00005

Package Title: Dredging

General Description

Rio Tinto's Amrun Project is located approximately 40 km south-west of Weipa in far North Queensland, Australia.

Dredging works for the following locations:

- Hey River Terminal
- Humbug Terminal
- Amrun Export Terminal
 - o Berth pocket; and
 - o Wharf area

The scope is fully inclusive of all requirements to complete the works in accordance with the contract including mobilisation, any temporary works and navigation aids, any requirements to comply with quarantine or other statutory conditions, and demobilisation.

The Primary Contractor may utilise the ICN Gateway to procure subcontractors for partial scopes of work. Expressions of interest for works associated with this scope are therefore encouraged to be submitted to ICN.

Delivery Schedule

Contract Awarded in December 2015 to Jan De Nul (Australia) Pty Ltd

Instructions to Tenderers

On behalf of the Principal Contractor, Rio Tinto is seeking expressions of interest from subcontractors capable of producing/supplying part or some of the requirements of the scope of works.

If your business has the capability and experience to provide required items to the Primary Contractor in a partial scope capacity, please submit an expression of interest via the ICN Gateway at www.amrun.icn.org.au.

Please ensure that:

- Your company profile on ICN Gateway is complete, up-to-date and accurate
- You respond to all project-specific questions via the ICN Gateway.

Please note: Following contract award, the Primary Contractor may establish a subpage on the Amrun ICN Gateway project portal (www.amrun.icn.org.au) to communicate partial scope opportunities.

More Information

Please contact the Industry Capability Network Queensland on +61 (7) 3364 0676 should you have any enquiries regarding this scope of work.

More information about the Amrun Project can be found on the Rio Tinto website www.riotinto.com.

Disclaimer

Scope of work is indicative only and is intended to be used as a summary description of work which may be required by Rio Tinto and may be subject to change. Full scopes of work will be made available to parties that are invited to tender. There is no undertaking to contract or proceed to a competitive process implied by this form. Further contact with interested suppliers will be at Rio Tinto's discretion.
