- Provision for diving services.
- Compliance with environmental approval including required marine fauna observations.
- Noise monitoring.
- All validation and verification activities including testing and survey.

Delivery Schedule

Forecast Award Date: 2Q, 2016

Instructions to Tenderers

On behalf of the Principal Contractor, Rio Tinto is seeking expressions of interest from subcontractors capable of producing/supplying part or some of the requirements of the scope of works.

If your business has the capability and experience to provide required items to the Primary Contractor in a partial scope capacity, please submit an expression of interest via the ICN Gateway at www.amrun.icn.org.au.

Please ensure that:

- Your company profile on ICN Gateway is complete, up-to-date and accurate
- You respond to all project-specific questions via the ICN Gateway.

Please note: Following contract award, the Primary Contractor may establish a subpage on the Amrun ICN Gateway project portal (www.amrun.icn.org.au) to communicate partial scope opportunities.

More Information

Please contact the Industry Capability Network Queensland on +61 (7) 3364 0676 should you have any enquiries regarding this scope of work.

More information about the Amrun Project can be found on the Rio Tinto website www.riotinto.com.

Disclaimer

Scope of work is indicative only and is intended to be used as a summary description of work which may be required by Rio Tinto and may be subject to change. Full scopes of work will be made available to parties that are invited to tender. There is no undertaking to contract or proceed to a competitive process implied by this form. Further contact with interested suppliers will be at Rio Tinto's discretion.
