

Amrun project

Expression of interest

Engineering Process Control Design Services

Package Number: 25977-000-HC4-W000-00044

Package Title: Engineering Process Control Design Services

General Description

Rio Tinto's Amrun Project is located approximately 40 km south-west of Weipa in far North Queensland, Australia. The Amrun Project site will require a contractor to supply hardware, design and implementation services for the Engineering Automation System for Programmable Logic Controller (PLC), Supervisory Control and Data Acquisition (SCADA) and Process Control.

Specific Scope Requirements

The primary Contractor shall be responsible for the following:

1. Design Services
2. Implementation (including hardware and software material supply, assembly, configuration and testing at contractor facility)
3. Supply of goods including servers, cabinets, workstations, isolation panels, consoles and networks equipment
4. Testing (Factory Acceptance Testing for Contractor and Vendor supplied hardware and software)
5. Pre-commissioning support
6. Training of operations personnel

Forecast Award Date: 2Q, 2016

The primary Contractor may utilise the ICN Gateway to procure subcontractors for partial scopes of work. Expressions of interest for works associated with this scope are therefore encouraged to be submitted to ICN.

Instructions to Tenderers

If you believe your business has the capacity to provide required items to the primary contractor in a partial scope capacity, please submit a registration of interest via the ICN Gateway at www.amrun.icn.org.au.

Please ensure that:

- Your company profile on ICN Gateway is complete, up-to-date and accurate
- You respond to all project-specific questions via the ICN Gateway.

Please note, following award, the primary contractor may establish a subpage in the Amrun ICN Gateway to further advertise partial scope opportunities

More Information

Please contact the Industry Capability Network Queensland on +61 (7) 3364 0676 should you have any enquiries regarding this scope of work.

More information about the Amrun Project can be found on the Rio Tinto website www.riotinto.com.

Disclaimer

Scope of Work is indicative only and is intended to be used as a summary description of work which may be required by Rio Tinto and may be subject to change. Full scopes of work will be made available to parties that are invited to tender. There is no undertaking to contract or proceed to a competitive process implied by this form. Further contact with interested suppliers will be at Rio Tinto's discretion.
