

Restricted Request for Tender – Stage 4 Tailings Storage Uplift

OZ Minerals have invited selected civil contractors to participate in this Request for Tender as part of its commitment to unlock value through trusted relationships, mining and metallurgical processing excellence, our social performance and innovative thinking.

In early 2017, OZ Minerals is seeking to engage a qualified and experienced civil construction contractor to undertake the work covered by this Request for Tender. The engagement will seek to utilise the skills and experience of the successful contractor to efficiently and effectively deliver the work in accordance with OZ Minerals requirements.

Those interested in potential subcontract opportunities in regards to the work covered by this Request for Tender should keep an eye on OZ Minerals ICN Gateway Projects page for further information.
