Electrical Specialist Testing

Package Number: 25977-000-HC4-E00X-00108

Package Title: Electrical Specialist Testing

General Description

Rio Tinto's Amrun Project is located approximately 40 km south-west of Weipa in far North Queensland, Australia. The Amrun Project requires a specialist electrical contractor to test high voltage and low voltage switchgear within substations at the Switchroom Contractor's premises (Brisbane), as well as at the Project site (Weipa).

Specific Scope Requirements

The Contractor's scope of work shall comprise specialist electrical testing associated with the High Voltage infrastructure works for the Project.

The services will be performed off-site in Brisbane and on the Amrun Project. Specialised testing of high voltage and low voltage switchgear within and around substation buildings. Tests are in accordance with AS/NZS6004.1 and AS/NZS6004.2

Forecast Award Date: May 2017

The Primary Contractor may utilise the ICN Gateway to procure subcontractors for partial scopes of work. Expressions of interest for works associated with this scope are therefore encouraged to be submitted to ICN.

Instructions to Tenderers

If your business possesses the capability and capacity to perform the stated scope of work, please submit a registration of interest via the ICN Gateway at www.amrun.icn.org.au.

Please ensure that:

- Your company profile on ICN Gateway is complete, up-to-date and accurate
- You register your interest as a Full Scope or Partial Scope supplier (where applicable), and
- You respond to all project-specific questions via the ICN Gateway.

More Information

Please contact the Industry Capability Network Queensland on +61 (7) 3364 0670 should you have any enquiries regarding this scope of work.

More information about the Amrun Project can be found on the Rio Tinto website www.riotinto.com.

Disclaimer

Scope of Work is indicative only and is intended to be used as a summary description of work which may be required by Rio Tinto and may be subject to change. Full scopes of work will be made available to parties that are invited to tender. There is no undertaking to contract or proceed to a competitive process implied by this form. Further contact with interested suppliers will be at Rio Tinto's discretion.
