Behavioural Based Safety Training Program

Package Number: 25977-000-HC8-HTYS-00101

Package Title: Behavioural Based Safety Training Program

General Description

Rio Tinto's Amrun Project is located approximately 40 km south-west of Weipa in far North Queensland, Australia. The Amrun Project site will require a Contractor to design, plan and implement a behavioural based safety training program to be delivered to the project team members, mid-level leaders and senior leaders on the Project.

Specific Scope Requirements

The Contractor's Scope of Work shall include:

- Design and development of a behavioural based safety training program
- Facilitation of training program to project personnel on the Project site and other locations as nominated by the Company.

The training must be tailored specifically for each group of project personnel (general workers, mid-level leaders and senior leaders) and address key areas of behavioural based safety applicable to each group and management level.

Forecast Award Date: 2Q, 2017

The primary Contractor may utilise the ICN Gateway to procure subcontractors for partial scopes of work. Expressions of interest for works associated with this scope are therefore encouraged to be submitted to ICN.

Instructions to Tenderers

If your business possesses the capability and capacity to perform the stated scope of work, please submit a registration of interest via the ICN Gateway at www.amrun.icn.org.au.

Please ensure that:

- Your company profile on ICN Gateway is complete, up-to-date and accurate
- You register your interest as a Full Scope or Partial Scope supplier (where applicable), and
- You respond to all project-specific questions via the ICN Gateway.
