Northern Connector Project BATCHED CONCRETE TRANSPORT

The Northern Connector Project involves the construction of a new six lane 15.5 km road to the west of Pt Wakefield Road, linking the Northern Expressway and the Port River Expressway to the South Road Superway and Salisbury Highway Connector. This new non-stop transport link is to be primarily constructed of concrete and as such Lendlease is in the process of establishing a concrete batch plant adjacent the alignment at Waterloo Corner.

We are looking for support from the South Australian trucking industry to assist with the transport of the batched (wet) concrete from the plant to the Concrete Pavement road along the main alignment. This element of the project is expected to commence January / February 2018 and continue over the following twelve-month period ending early 2019. At the peak of these works we anticipate the requirement of approximately 40 trucks per day, all capable of achieving our programme quality requirements and meeting our safety standards.

Truck type examples which would be suitable:

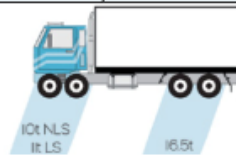

- 3 Axle Rigid
- 4 Axle Twin Steers
- Walking Floor Twin Steers

Common 3 Axle Rigid Truck

Type of Mass Limits	Maximum Length (metres)	Allowable CVM/CCM (tonnes)	Single Steer Axle (tonnes)	Twin Steer Axle Group (tonnes)	Single Axle (tonnes)	Tandem Axle Group (tonnes)	Triaxle Group (tonnes)
GML	12.5m	22.5t	6.0t*	N/A	N/A	16.5t	N/A
CML	12.5m	23.0t	6.0t*,*	N/A	N/A	17.0t	N/A
HML	12.5m	23.0t	N/A	N/A	N/A	17.0t	N/A

Common 4 Axle Twin Steer Rigid Truck

Type of Mass Limits	Maximum Length (metres)	Allowable CVM/CCM (tonnes)	Single Steer Axle (tonnes)	Twin Steer Axle Group (tonnes)	Single Axle (tonnes)	Tandem Axle Group (tonnes)	Triaxle Group (tonnes)
GML	12.5m	26.5t NLS 27.5t LS	N/A	10.0t NLS 11.0t LS	N/A	16.5t	N/A
CML	12.5m	27.0t NLS 28.0t LS	N/A	10.0t NLS 11.0t* LS	N/A	17.0t 17.0t	N/A
HML	12.5m	27.0t NLS 28.0t LS	N/A	10.0t NLS 11.0t* LS	N/A	N/A	N/A

All contractors interested in this element of the works are to:

1. Register your interest (if not done so already) on the ICN Gateway (follow the below link to the ICN gateway and complete the registration to the “Haulage and Truck Hire” work package) www.lendleasenorthernconnector.icn.org.au
2. Make contact by email sylvia.mclean@lendlease.com or phone 0428 260 709 with information regarding the number of and type of trucks you are able to dedicate to the project
