Package Title: Pre-Commissioning and Commissioning Services

General Description

Rio Tinto's Amrun Project is located approximately 40 km south-west of Weipa in far North Queensland, Australia. The Amrun Project site will require a Contractor to complete pre-commission, commission and lock-out-tag-out (LOTO) services for the Amrun Project Process Facility and Export Facility.

Specific Scope Requirements

The Contractor's Scope of Work shall include:

- Supply of supervision and labour (fitters, electricians, instrument technicians, scaffolders, riggers, equipment operators, trades assistants, mechanical and electrical leading hands)
- Supply of plant and equipment (frannas, boomlifts, telehandler, excavator, fuel service truck, flat-bed truck, mini-bus, generators, scaffold, portable sump pumps etc.)
- Supply of consumables, PPE and minor equipment as directed
- Temporary works as directed
- Contract management and administration
- Minor works as directed
- Completion of relevant test documentation prior to energisation and after energisation of equipment/systems.

Forecast Award Date: 1Q, 2018

The primary Contractor may utilise the ICN Gateway to procure subcontractors for partial scopes of work. Expressions of interest for works associated with this scope are therefore encouraged to be submitted to ICN.

Instructions to Tenderers

If your business possesses the capability and capacity to perform the stated scope of work, please submit a registration of interest via the ICN Gateway at www.amrun.icn.org.au.

Please ensure that:

- Your company profile on ICN Gateway is complete, up-to-date and accurate
- You register your interest as a Full Scope or Partial Scope supplier (where applicable), and
- You respond to all project-specific questions via the ICN Gateway.
