South Flank
Iron Ore Project – Expression of Interest

Project Overview: The proposed South Flank project is located adjacent to BHP’s existing Mining Area C in the Pilbara region of Western Australia. An overview of the South Flank Project is available at www.southflank.icn.org.au

Package Title: Conveyor Idlers - Plant
Reference: 9641-S-84019

Package Description: The Scope of Work requires engineered design and supply of all materials, fabrication, assembly, aligning, painting, shop testing, equipment labelling and pack for transport to Site of conveyor idler frame and roller assemblies.

The idlers must include Composite Roller design to suit requirements and comprise all components as specified in BHP Specifications and Equipment Data Sheets. Idler rolls need to be a proven design and in operation in the mining industry and preferably in WA Iron Ore.
