

Barossa Offshore Project

Package No: 20180508-AUW

Package Name: Diverless Bend Stiffener Connections (DBSC) Supply

Scope of Work (*To be Confirmed) The scope of this work package is associated with the below work packages listed independently on the ICN Gateway:

- 20180504-AUW Production and Service Riser Supply
- 20180505-AUW Gas Export Riser Supply
- 20180509-AUW Umbilical Supply
- 20180510b-AUW SURF EPCI

The DBSC scope comprises supply of 18-off DBSCs for the Barossa project, consisting of 10-off initial installation phase and 8-off future phase, detailed as follows:

Qty	Diameter	Service	Phase
2	12-inch	Gas Export Riser	Initial
3	12-inch	Production Riser	Initial
3	5.6-inch	Service Riser	Initial
2	~160 mm	Umbilical	Initial
3	12-inch	Production Riser	Future
3	5.6-inch	Service Riser	Future
2	~160 mm	Umbilical	Future
18	Total		

- Supply shall also include provision of any short term covers for the initial installation assemblies (required to mitigate marine fouling of critical components prior to riser installation).
- Future phase female assemblies shall be provided with long term protection covers, whilst future male items shall be capable of accepting a range of riser diameters to be confirmed during future phases.
- Contract Award Q4 2019 (*).
- Delivery:
 - DBSC female part and spares to be connected to riser guide tubes at FPSO fabrication yard Q3 2021 (*).
 - DBSC male part and spare for integration by flexible riser and dynamic umbilical vendors Q2 2022 (*).

Project Registration

ConocoPhillips is committed to ensuring Australian Industry the full, fair and reasonable opportunity to participate in the Barossa Project. Expressions of Interest are invited from contractors and suppliers with the relevant capability and capacity to undertake the scope of work.

This is a request for specific expressions of interest. Contractors and suppliers will be considered for prequalification and tender if suitably qualified against this package.

Note that an important part of the project registration process is to register an Expression of Interest at the correct Scope level.

Scope level definition:

Full scope: Able to produce / supply all of the package.

Partial scope: Able to produce / supply one or more of the sub-packages.

All registrations are to be completed via ICN Gateway: BarossaOffshore.icn.org.au

Please contact the ICNNT if registration assistance is required. Contact details: (08) 8922 9422 or admin@icnnt.org.au.
