

ABU – Drilling & Completions

TITLE: C1366211 – Mobile Offshore Drilling Unit (MODU)
(Listed at Component of Package level only)

****This package was previously listed under Chevron Australia Operations. Package awarded under contract number C1570748****

DESCRIPTION: Chevron Australia Pty Ltd (Chevron) has issued a Request for Information (RFI) from contractors who have Mobile Offshore Drilling Unit (MODU) capability.

In 2017/2018, Chevron may require a MODU to support Exploration and Appraisal (E&A) programmes on the North West Shelf (NWS) of Australia and Great Australian Bight (GAB), as well as infill development drilling.

As previously announced Chevron has made the decision to discontinue the GAB exploration program, however the Gorgon Stage Two (GS2) project will proceed off the northwest coast of Western Australia.

Please Note:

****This opportunity has been listed at Component of Package level only to facilitate lower tier engagement****

Contractors have been separately included in the RFI if suitably qualified against this package.
