

Title:

Subsea Structure Fabrication

Description:

Expressions of interest are being sought from CONTRACTORS able to supply services and/or equipment in support of the Gorgon Stage 2 (GS2) Offshore Pipeline Installation Scope.

Scope:

Allseas requires CONTRACTORS with the capability to fabricate the following subsea structures:

- 4 active pipe supports (APS);
- 15 buckle initiator sleepers (BIS);
- Various installation aids.

CONTRACTORS fabrication facility shall have the capability to safely handle and fabricate structures of up to approx. 75 metric tons with footprints up to 25m by 8m. Fabrication will commence in 2019.

Allseas is interested in expressions from the whole of Australia.

CONTRACTORS must have the capability to provide Quality Control including:

- Full traceability of all materials, welds, consumables and associated calibrated equipment;
- Inspectors qualified to a recognised industry standard;
- Previous experience, or project management personnel with previous experience, in the Offshore Oil and Gas Industry.

Expression of Interest Instructions

This is a request for specific expressions of interest only. CONTRACTORS will be considered for future follow up if suitably qualified against this package.

CONTRACTORS are to express interest via ICN Gateway where competency can be demonstrated. Electronic EOIs will be accepted for Full Scope and/or Partial Scope.

Contractors will only be considered for Prequalification to Tender if deemed suitably qualified by Allseas.

All initial enquiries can be made through the Industry Capability Network, including assistance with EOI submissions on ICN Gateway.
